

SURE STEP , FLOOR AND TUB SAFETY SOLUTION

This up and coming franchise is looking to immediately fill a number of field sales positions for the whole of New York.

“SURE STEP safety floor and tub treatment creates an invisible, sophisticated tread design into the surface of hard mineral floors and porcelain/enamel bathtubs.”

SURE STEP installs their product in both residential and commercial settings. At this time the president is expanding his territory and needs assistance with building up the clients in the whole of New York. Field sales experience is preferred but not required. Once employed with Sure Step candidates will work strictly on commission for a probationary period. The probationary period will be specified once hired. The commission will be 15% of the total cost of the job. Once their probation is complete the position becomes salaried and commissioned. This is the only company in New York that sells this product so there is a lot of potential for growth. You can visit the website for full details on this innovative product @ www.floorandtubsafety.com

Field Sales position details:

- Some form of transportation is required
- The position is full time
- 1099 will be required once employed
- You may be required to travel
